

Click on this link to go to the official SOL Practice Test Site

<https://va8.testnav.com/client/index.html> and click on Virginia Practice Items

A screenshot of the TestNav Virginia login page. At the top center, the text "TestNav" is in a blue, sans-serif font, and "Virginia" is in a bold, black, sans-serif font below it. There are two rounded rectangular input fields: the first is labeled "Username" and the second is labeled "Password". To the right of the password field is a small circular icon with a blue eye, indicating a toggle for password visibility. Below these fields is a large, rounded blue button with the text "Sign In" in white. Underneath the button, there are two links: "Test Audio" with a speaker icon and "Virginia Practice Items" with a pencil icon. The "Virginia Practice Items" link is highlighted with a yellow background. A large orange arrow points from the bottom left towards the "Virginia Practice Items" link.

Then you will arrive at Virginia Practice Items screen. Make sure to click on the Math of your choice on the left menu. Then click on the Audio or Non-Audio version of the Mathematics-2023 Standards of Learning to start the test.

A screenshot of the Just Math website interface. At the top left is a "Back to Sign in" button. Below it is a navigation bar with tabs for "Mathematics", "Reading", "Writing", "Science", "History and Social Science", and "VAAP". On the left is a vertical menu with options: "Grade 3", "Grade 4", "Grade 5", "Grade 6", "Grade 7", "Grade 8", "Algebra 1" (highlighted in yellow), "Geometry", and "Algebra 2". An orange arrow points from the "Algebra 1" menu item to the "Algebra 1 (2023)" test option. The main content area shows four test categories: "Mathematics Tools" with a "Start" button; "Desmos Calculator" with a "Start" button; "Mathematics - 2023 Standards of Learning" with "Algebra 1 (2023)" and buttons for "Non-Audio" and "Audio"; and "Mathematics - 2016 Standards of Learning" with "Algebra 1 (2016)" and buttons for "Non-Audio" and "Audio".

This is the actual Math SOL testing site that all Virginia High School students use. It is administered by TestNav on this website. Therefore, students should get use to the **Mathematics Tool** and the **Desmos Calculator** also listed here. All of the types of questions will also be used during the actual SOL.

Once you click on the Audio or Non-Audio Version of the Test. You will come to the **Welcome, TestNav User!** Screen. Click on **Start** to begin the test.

A screenshot of the "Welcome, TestNav User!" screen. At the top is a light blue banner with the text "Welcome, TestNav User!". Below it is a white box containing the text "Algebra 1 Practice Items (2023)", "There is 1 section.", and "There are 42 questions in section 1.". To the right of this text is a blue button with the text "Start »". An orange arrow points from the text area to the "Start" button.

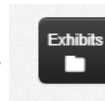

Once you click the start menu, you will have to agree to the terms and condition to not copy the test. Then you will push the **Start** button to begin the test. From there all students should be familiar with the format of the test.

Here are a few things to remember:

Your goal is to become familiar to the platform and tools and the types of questions

The tools are at the top of the screen

Your formula sheet is located under **Exhibits**

You will not be able to save your answers once you leave so document the answers somewhere

The test will not be scored, it is only practice

These are not ideal conditions but [Just Math Tutoring](#) can help. If you would like to score your test and see how many you got correct, go to our [Free Math SOL Test Page](#) and go to the Testnav section to get free answers! The document has the answers to all the tests, so just keep scrolling or search **Grade (#)** for your grade level and it should direct you to that section.

Also if you like a full Algebra I practice test, go to our [Product Page here](#) to get our practice tests! We have made these test from the Virginia Algebra I Standards! Virginia Department of Education hasn't released a test since 2015! We are giving you 40% off your first one (only \$15).

We want to be your one stop shop for all things Virginia Math SOL so if you are looking for a resource and can't find it, let us know. Our contact information is below. Let us know how we can help! Thanks for reading!

Happy Mathing!
